

Intellifi® mobile app

Intelligent, secure, personalized Wi-Fi experience

Benefits

- Intuitive mobile app speeds self-installs or technician-installs in under 5 mins.
- Network dashboard provides better visibility into the health of the subscriber's Wi-Fi network.
- Powerful parental controls with configurable user and device profiles and usage schedules.
- Malware protection, content filters, and guest access controls ensure a secure Wi-Fi environment.
- Available on iOS and Android app stores.

Overview

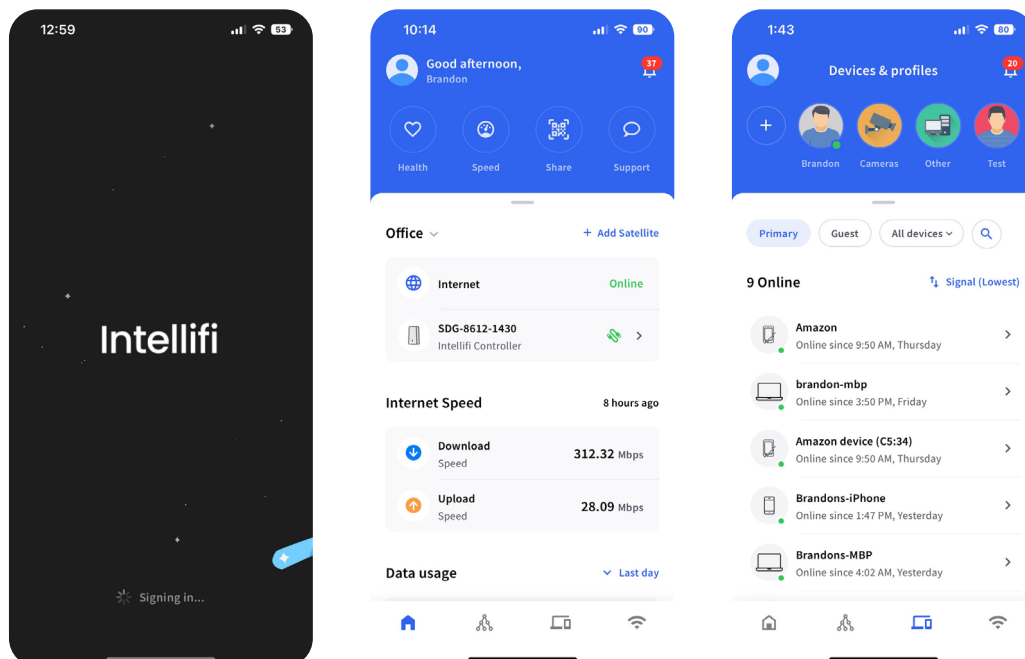

The Intellifi® mobile app is an intuitive mobile app that enables subscriber self-installs and offers enhanced controls for a personalized in-home Wi-Fi experience. The mobile app is a part of Intellifi®, Adtran's complete connected home solution purpose-built for communications providers.

Simplify self-installs

The mobile app simplifies and enables subscriber self-installs or technician installs in under five minutes. Expanding coverage across the home with mesh satellites requires just a single click.

Personalized Wi-Fi experience

Subscribers seek better control and insights over their home network. The intuitive Intellifi® mobile app offers extensive insights into the network's health, speed test results, and usage stats. In addition, subscribers can utilize enhanced app features like parental controls, user profiles, malware detection and prevention, and guest access for a secure, high-performance internet experience.

INTELLIFI® MOBILE APP

High-level technical specifications
